

### The House Is Finished

After much more time and energy than expected, our house in the village is completed. We have spent a few nights a week in it, and have enjoyed being closer to our Gabbra neighbours. This has already allowed us a few opportunities to interact with and minister to our neighbours in new ways. We look forward to more ministry opportunities when we return next year!

### We Are Coming To Canada

A lot has happened over the last month. We booked flights, planned our quarantine and where we will live during our time in Canada. We also got our second dose of the Covid vaccine. Below is a timeline of where we will be for our next few months:

June 16 – Left Hurri Hills

June 18 – Arrived in Nairobi

July 3 – Fly out of Nairobi

July 4 – Arrive in Calgary for hotel quarantine

July 7 – Arrive in Saskatoon

July 7 to 21 – Complete our 14 day quarantine on a family acreage outside of Swift Current

July 22 to January – Have our home base in Saskatoon

Once we are free from quarantine, we would love to meet up with as many of you as possible (restrictions permitting). Right now our calendar after July 22 is pretty open, so let us know if you would like to meet up with us.

### Youth Ministry

For the last few weeks, we have had youth come to our village house to play games and have a devotional time. We have been teaching them games that we used to play with youth in Saskatoon, and they are really enjoying it. This gave us an opportunity to reconnect with some of the youth we haven't seen during the restrictions of Covid.

### Saying Goodbye for Now

This last week we went around to the villages telling them that we are leaving for a few months, but that we will be back again. Our friends were very happy to hear that we will be back, and also very happy that the Silvas (our coworkers) have returned from Brazil and will be up in Hurri Hills next week.

### Our teammates have returned!

Many of you have been praying that our teammates would be able to return quickly so that there could be a healthy hand-over between us. Praise God that they are now back in Kenya! They are excited to get back to their home in Hurri Hills and start ministry again. The day before they started their journey to Hurri Hills we arrived in Nairobi, so we were able to have a good meeting with them sharing ministry updates and stories. This is a blessing to know that they are ready to take over where we are leaving off.

### Quarantine Requirements

As some of you know, there has been a lot of talk about Canada's requirements for travelers, and what changes should be made. The current requirement is a 3 day hotel quarantine for all travelers, which is very costly. The government has indicated that they plan to ease restrictions for those who are fully vaccinated (which includes us) in "early July." More details are expected on June 21. Since we are arriving on July 3, pray that we would not need to do the hotel quarantine. We still plan to self-quarantine in Saskatchewan for 14 days when we arrive.

### Praise & Prayer Items

- ~ Continue praying for rain in Hurri Hills
- ~ Praise God we were able to get our second vaccine dose
- ~ Pray for a smooth return to Canada, and that the hotel quarantine in Calgary would not be required
- ~ Praise God for some good time with the youth
- ~ Pray for our teammates as they return to ministry
